

DISTANCE LEARNING PACKET

KINDERGARTEN

Kindergarten Work-From-Home Pack

Dear Parent/Guardians,

At Polk School District, the health and safety of our students are always top priority. At times, schools may have unexpected closures due to inclement weather, unsafe road conditions, or other circumstances deemed necessary by Polk School District. In the event of such closures, our goal is to ensure that student learning is not interrupted. Therefore, each student will receive a Work-From-Home packet that contains 20 days of reading and math skills. Should school be canceled, students should complete ONE DAY of activities for EACH DAY that is missed. School closures and Work-From-Home assignment information will be delivered via our One Call system, Remind messages, and/or social media posts.

The activities included in this packet are skills that we have previously covered in class. Students may need help reading the directions, but should be able to complete most activities independently. Please make sure that STUDENTS are writing/ completing their own work. Please do not allow students to complete the entire packet at once. If your child would like extra activities to work on while at home, please see the "Extra Activities" suggestions below.

As always, thank you for helping your child at home!
Kindergarten Teachers

Extra Activities

READING

- Read sight words from list (at the end of this pack)
- Write sight words (use crayons, markers, or shaving cream)
- Use magnet letters to build words
- Read a book and discuss the characters, setting, and events

Math

- Count to 100 by 1's and 10's
- Look for and count shapes around your house
- Find 3D shapes around your house
- Make patterns with cars, blocks, or other small toys
- Sort toys by kind and county (blocks with blocks, cars with cars, etc.)

Educational Websites

- ABC Mouse
- Reading Eggs
- Reading A-Z
- PBS Kids
- Starfall

Name: _____

Date: _____

Day 1

Move-Your-Fingers

Today you will be moving those fingers to complete reading and math activities.

Reading

Practice your handwriting skills. Write the entire alphabet using UPPERCASE letters. Remember to use your best writing!

Math

Use the tens frames to trace the numbers 1-20.

1	2	3	4	5
6	7	8	9	10
11	12	13	14	15
16	17	18	19	20

Bonus

How many letters are in the alphabet? _____

Name: _____

Date: _____

Day 2

Tap-And-Count

Practice your counting skills to complete today's reading and math activities.

Reading

Say the words. How many SYLLABLES does each word have? Circle the number.

1 2 3

1 2 3

1 2 3

1 2 3

Math

Tap and count each picture. Write the correct number.

BONUS

Circle the picture that has the most.

or

Name: _____

Date: _____

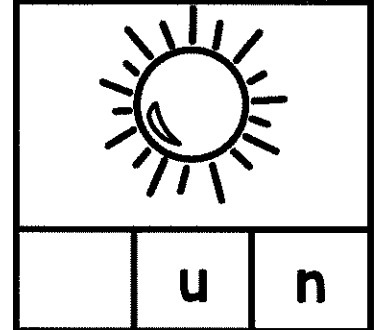

Day 3

Break-It-Up

Break apart words and numbers to complete today's reading and math activities.

Reading

Look at the pictures. Write the beginning sound for each word.

Math

Friends of 10. Draw in the missing dots to make 10. Write the missing numbers.

●	●	●	●	●		
●	●	●				

_____ and _____ make **10**

●	●	●	●	●		

_____ and _____ make **10**

●	●	●				

_____ and _____ make **10**

●	●	●	●	●		
●	●					

_____ and _____ make **10**

BONUS

Name another way to make 10.

_____ and _____ make **10**

Name: _____ Date: _____

Day 4

Think-It-Out

Exercise your creative thinking skills to complete your reading and math activities.

Reading

Think about your favorite food. Draw a picture and complete the sentence.

I like to eat _____.

Math

Shapes can be many things. Circles can become apples, triangles can become pizza slices, and rectangles can become doors. Use the square to make a new picture.

BONUS

How many squares can you find in your bedroom? _____

Name: _____

Date: _____

Day 5

Fast-and-Fluent

How fast can you read? Today's reading and math activities will increase your fluency.

Reading

Practice reading the uppercase letters as fast as you can. Read them 5 times.

J	B	M	H	F	L
O	W	Y	R	P	T
G	N	K	U	A	V
Q	E	S	I	D	X
C	Z				

Math

Say the numbers as quickly as you can. Read them 5 times.

8	4	11	6	2
17	14	1	19	9
5	12	20	7	18
10	15	3	16	13

BONUS

Use a timer to record your fastest time.
